

Ada X

Ada X is a bilingual feminist artist-run centre that supports technological experimentation, creation and critical reflection in media arts. Ada X assists in the independent production and diffusion of art created by women, trans, non-binary and queer artists in the field of contemporary technological practices. Demystifying, providing access, equipping, questioning and creating, these are the aims of the Ada X. The centre actively participates in the development of a digital democracy that encourages autonomy and collaboration.
