

Atelier Circulaire

Atelier Circulaire, founded in 1982, is an artist-run centre devoted to creation, research, dissemination and education with a focus on print media. Its mandate is to preserve and teach traditional printmaking techniques, while integrating new technologies and contemporary print practices.

Atelier Circulaire's programs and services are geared to both professional artists and the general public. It provides a workspace and specialized equipment for intaglio, lithography, engraving and digital printing. The centre welcomes artists-in-residence, organizes gallery exhibitions and conferences, and offers demonstrations, specialized courses and training in printmaking.
