

ATELIER SILEX

ATELIER SILEX is a collective of artists engaged in various fields of activity related to sculpture, whose mandate is to promote the development of reflection and research on sculpture in today's context of emerging and multidisciplinary practices.

To facilitate sculptural creation, not only among collective members but also in the regional artistic community and beyond, ATELIER SILEX provides a framework for production, exchange, encounters and exhibitions. ATELIER SILEX promotes its members' work and creates networking opportunities with other artist centres and studios.
