

# Centre MATERIA

MATERIA is an artist-run centre contributing to the dissemination of fine crafts while promoting artistic research and creativity. The only centre of its kind in Canada, MATERIA is committed to enhancing awareness and recognition of this art form and its artists in all their disciplinary diversity. MATERIA showcases and promotes the work of the most important national and international artists in the field by presenting their works in a professional setting. The centre is thus unique in its capacity to promote and interpret contemporary fine crafts. The high standard of its exhibitions underlines the valuable contribution MATERIA has made to the careers of artisans and to our society's cultural development.
