

Charles Street Video

Incorporated in 1981, Charles Street Video (CSV) is a non-profit, membership-based artist centre located in downtown Toronto. Our mandate is to provide media artists with opportunities for production and to foster an environment for the advancement of media arts practices, experimentation and the creation of community.

CSV rents out editing rooms and production gear. We host resident artists, provide workshops and equipment orientations, and co-host many youth development projects, among other activities. Ours is a busy, active centre for making media art work, however you may conceive of it!
