

Gam Gallery (archive)

The Gam is no longer open. It closed September 2019 shortly before its 10th anniversary.

Gam Gallery is located within and fronts ACME Studios, in Vancouver's Downtown Eastside. Reflecting the diverse artistic community in which it is located, the Gam operates as a gallery, studio space, boutique and venue. Since its inception in December 2009, the Gam has strived to foster a social environment where emerging artists can exhibit, create and make lasting relationships.
