

Regart, centre d'artistes en art actuel

Established in Lévis in 1986, Regart is an artist-run centre dedicated to ensuring a dynamic visual arts presence in the Chaudière-Appalaches region and in Quebec in general. Regart's gallery program highlights hybrid and experimental works that advance artistic quality and the importance of theoretical discourse. By promoting innovative projects, research and exchange, the centre is an open forum for creation in which dialogue among artists and interaction with the general public are fundamental.
