

Digital Arts Resource Centre

Digital Arts Resource Centre (formerly SAW Video) is a not-for-profit, artist-run media art centre that fosters the growth and development of artists through access to equipment, training, mentorship, and programming. Our mission is to support a diverse community of media artists empowered by technology, programming and the exchange of ideas.

Our core principles are independence of expression, affordable access to all, and paying artists for their work. Digital Arts Resource Centre values diversity and actively promotes equity for all artists regardless of race, age, class, gender, sexual orientation, language, or ability.
