

# Third Space Gallery / Galerie Tiers Espace

Third Space is an itinerant artist-run centre for contemporary art in Saint John, New Brunswick. We are committed to representing local, regional and national professional contemporary artists.

Third Space will highlight the work of emerging and established artists who cross disciplines and boundaries in their examinations of contemporary culture. The aim of the Third Space is to facilitate the education, understanding and appreciation of contemporary art at a local, national and international level. It will do this by hosting exhibitions, workshops, residencies, lectures, performances and screenings, as well as by publishing and disseminating materials relevant towards this aim.

Third Space will strive to present a schedule of balanced programming while allowing space for community-based events. Through a rigorous and attentive selection process, its programming will present art-making of an advanced and critical nature.

Mission: Third Space is a Saint John-based artist-run centre committed to facilitating the education, understanding, and appreciation of contemporary art at a local and national level through exhibitions, workshops, screenings, and other activities for which artists receive fair compensation.

Vision: To provide opportunities, exposure, and fair representation to emerging and established artists in Southern New Brunswick, the traditional unceded territory of the Wolastoqiyik and Mi'kmaq Peoples; to enrich lives through exposure to the arts.
